Maya

İkinci jenerasyon gaz enjeksiyon sistemiyle polipropilen ve cam elyaf karışımından üretilen dizayn sandalye Maya, istiflenebilmesi, doğal renkleri ve kendine özgü görüntüsüyle hem iç mekan hem de dış mekan kullanımı için ideal bir üründür.

*The latest generation air moulding process, as used for Maya, allows perfect control for the channel draining and the wall thickness. In designing Maya, the designers developed a formally characterized shape yet suitable for different ambiances - contemporary, classic, informal or elegant - where it easily settles in, thanks to a colour range including brights as well as neutral tones. For indoor and outdoor use.*
